**Life Insurance Solutions For Corporate Owners**

# Corporate Life Insurance Plan

## Opportunity Overview

### This strategy is designed for a Canadian resident taxpayer who:

- Owns shares of a Canadian Controlled Private Corporation (CCPC)
- Is in good health, relative to their age, with no major health challenges
- Has excess cash
- Cares about the next generation and tax planning

### The strategy allows you to take excess cash and:

- o **Grow It – Fully Sheltered From Tax** <sup>(1)</sup>
  - **39% tax efficient on a balanced portfolio (passive income)** <sup>(2)</sup>
  - **25% tax efficient on capital gains (passive income)** <sup>(2)</sup>
- o **Move It To The Next Generation Tax Free** <sup>(3)</sup>
  - **47% tax savings on non-eligible dividends paid to shareholder(s)** <sup>(4)(5)</sup>
- o **Reduce the impact of the Small Business Deduction grind**
  - **Business limit reduced when passive income exceeds \$50k** <sup>(6)</sup>

# Corporate Life Insurance Plan

## Common Tax Planning Concepts

Helping You Make An Informed Decision

### Incorporation - Establishing an Operating Company (OpCo)

An owner generally establishes an OpCo to:

- Benefit from the small business tax rate (12.5% in Ontario)
- Benefit from the small business capital gains exemption (SBCGE \$866,912 for 2019)
- Income split (subject to Tax on Split Income rules - TOSI) <sup>(8)</sup>
- Limit legal liability in certain circumstances
- Create an entity with an unlimited life span

### Reorganization - Establishing a Holding Company (HoldCo)

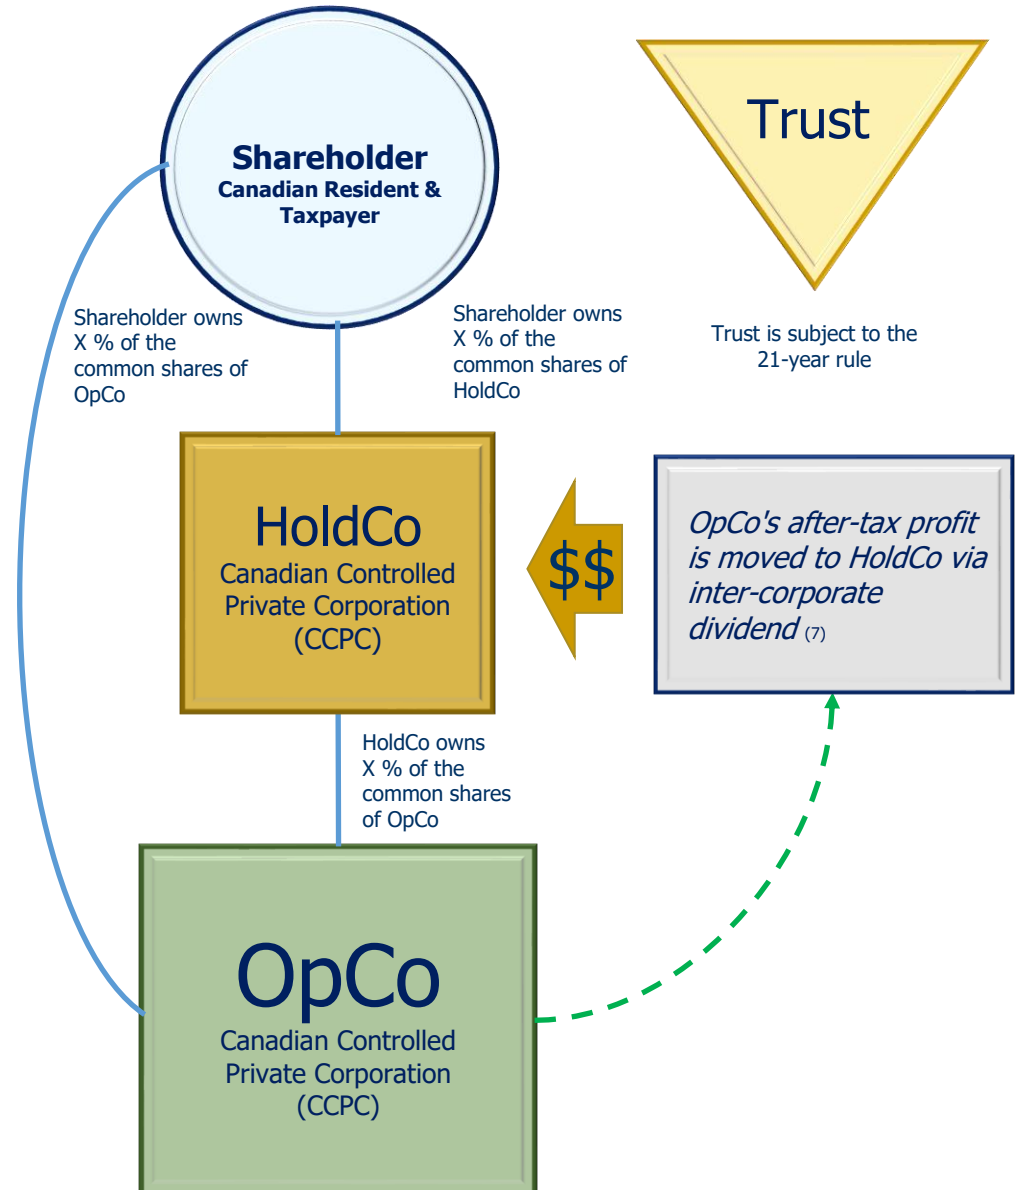

An owner generally establishes a HoldCo to:

- Create a layer of creditor protection
- Hold after-tax profits not needed for operations & growth
- Income split (subject to Tax on Split Income rules - TOSI) <sup>(8)</sup>
- Purify OpCo for a future sale
- Accomplish personal planning objectives outside of OpCo

### Family Trust

A settlor (original property owner) generally sets up a family trust to:

- Quantifying the future tax liability - An estate freeze
- Protect against family law or marital regime claims
- Protect & control of assets for minors, individuals, or special needs dependents
- Income split (subject to TOSI and attribution rules)
- Ensure confidentiality regarding inter-generational & family wealth transfer

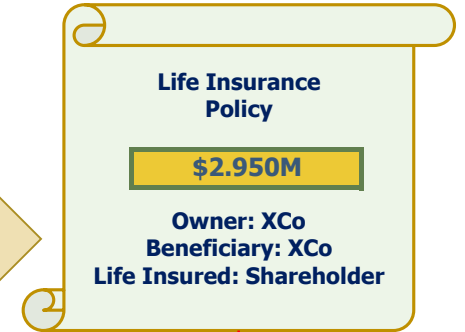

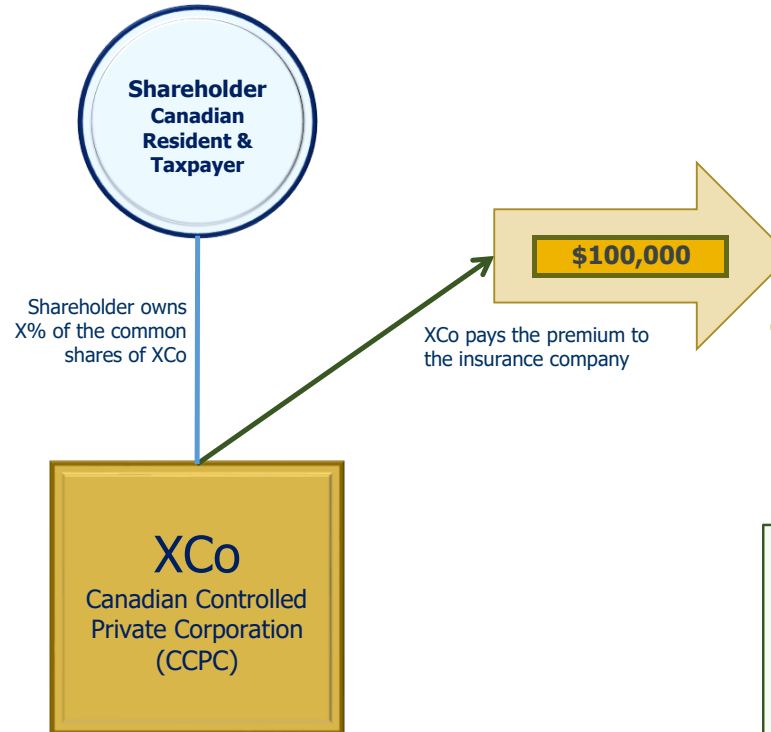

# Corporate Life Insurance Plan

## Corporate Structure & Permanent Life Insurance

Helping You Make An Informed Decision

- Steps
1. Shareholder applies for a permanent life insurance policy
  2. The insurance company makes an offer of life insurance to the shareholder
  3. The shareholder accepts the offer & XCo pays a premium to put the policy in force
  4. Shareholder chooses the investment options
  5. Ownership & beneficiary changed to XCo (Articles & Business Identification Number (BIN) required)

The assumptive 5% return on the Fund Value is net of all fees & MER's.

The policy fee of 1.75% breaks out as follows:

- .375% - Federal Investment Income Tax against insurance company's assets
- .375% - Asset Based Compensation which is paid to the broker
- .500% - Compensation Recovery to cover commission amortization costs
- .250% - Administration, Contingency, Investment Expenses, Profit and Capital Costs
- .250% - Cumulative Fund Bonus credited to the policy after the fifth policy year

# Corporate Life Insurance Plan

## Problem & Solution - Corporate Passive Income

Helping You Make An Informed Decision

### Problem - Corporate Passive Income

- Profit not needed for growth, operations or personal needs are invested in an Alternative Investment
- Passive investment income generated by the Alternative Investment is taxed at the top corporate rate
- Passive income in excess of \$50k grinds Small Business Deduction (SBD)
- XCo books refundable tax - NERDTH - offsets corporate tax on non-eligible dividends when declared <sup>(5)</sup>

### Alternative Investment @ Age 79

Total investment:	\$	500,000
Total Income @ 5%:	\$	1,600,019
Tax paid @ 39%:	\$	(624,007)
<b>Net @ age 79:</b>	<b>\$</b>	<b>1,476,012</b>
NERDTH:	\$	490,673

### Solution - Permanent Life Insurance

- ✓ XCo purchases a permanent tax-exempt life insurance policy on the life of the shareholder(s) as one of the assets it owns
- ✓ XCo is the owner, beneficiary and premium payor
- ✓ Growth of the life insurance policy is fully tax-exempt - no taxable passive income is generated <sup>(1)</sup>
- ✓ Reduces the impact of the SBD grind <sup>(6)</sup>
- ✓ The cash surrender value of the life insurance policy is an asset on XCo's balance sheet
- ✓ Premiums are not deductible, in specific circumstances premiums may be deductible

### Insurance Investment @ Age 79

Total investment:	\$	500,000
Policy fund @ 5%:	\$	2,056,734
Total costs:	\$	(445,430)
<b>Net @ age 79:</b>	<b>\$</b>	<b>2,111,303</b>
NERDTH:		N/A

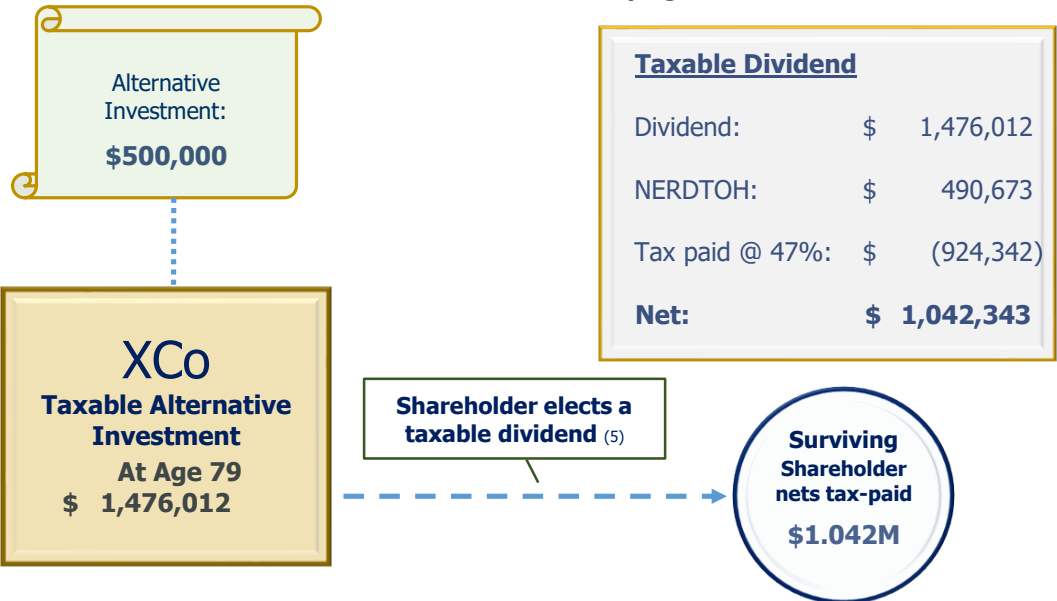

# Corporate Life Insurance Plan

## Problem & Solution - Dividend Tax

Helping You Make An Informed Decision

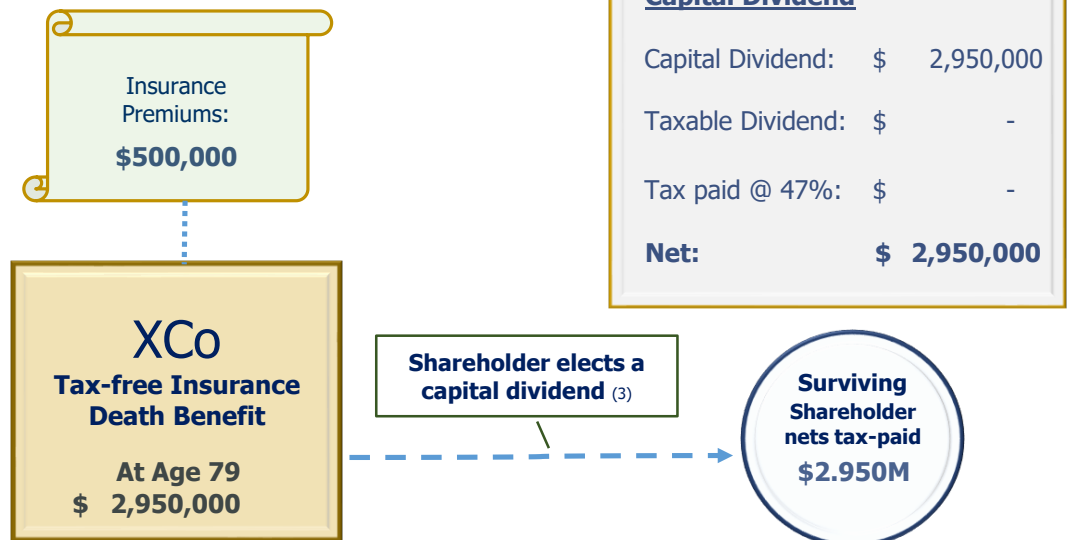

### Problem - Dividend Tax

- Surviving shareholder(s) of XCo can elect to take dividends from XCo's retained earnings for personal use
- These surviving shareholders are often a combination of a spouse, children, and grandchildren
- Dividends declared by surviving shareholders are taxed at the taxpayers top marginal rate <sup>(4)</sup>
- NERDTH subject to ordering rule <sup>(5)</sup>

### Solution - Permanent Life Insurance

- ✓ The XCo purchases a permanent tax-exempt life insurance policy on the life of the shareholder(s) as one of the assets it owns
- ✓ At death the life insurance proceeds are paid tax-free to the beneficiary (XCo) <sup>(1)</sup>
- ✓ Death benefits paid to XCo (beneficiary) qualify for capital dividend account (CDA) treatment <sup>(3)</sup>
- ✓ Capital dividends declared by surviving shareholders are tax-free dividends

# Permanent Life Insurance vs. Alternative Investment

# Assumptions

*Helping You Make An Informed Decision*

We help private Canadian shareholder's implement and manage permanent life insurance plans, fully sheltered from tax, and move residual wealth to the next generation tax-free. The objective is to minimize the impact of market volatility over time by seeking out policy returns that are not correlated to the broader equity markets. Our focus is capital preservation, risk reduction, and consistency over time.

This presentation demonstrates the advantages of using permanent life insurance as part of your overall tax and estate planning strategy. We highlight the impact of planning with, and without, life insurance, using apples-to-apples comparisons, with conventional tax and estate planning structures.

## **This presentation uses the following assumptions:**

### **• Interest Rate & Cost of Borrowing Assumptions Net of Fees & MER's:**

- Alternative Investment: 5.0%
- Permanent Life Insurance: 5.0%
- Cost of Borrowing: 5.0%

### **• Tax Rate Assumptions:**

- T5 Income: 50.0%
- Capital Gains: 25.0%
- Non-eligible Dividends: 47.0%
- Passive Income: 39.0%
- Refundable Tax: 30.7%
- Capital Gains Inclusion: 50.0%

### **• Ontario's Combined Top Marginal Tax Rates for individuals earning in excess of \$220,000:**

- T4 & T5 Income: 53.5%
- Capital Gains: 26.8%
- Eligible Dividends: 39.3%
- Non-eligible Dividends: 47.4%

### **• Small Business Income Threshold:**

- \$ 500,000

### **• Small Business Exemption Grind Starts At:**

- \$ 50,000

### **• Ontario's Combined Tax Rates For Income Earned by a CCPC:**

- Income up to \$500,000: 12.5%
- Active Business Income: 26.5%
- Passive Income: 50.2%
- Refundable Tax: 30.7%

# Footnotes & Notice To Reader

## Notice To Reader

This analysis is provided for general information and discussion purposes only. This document is made available only for the purposes of assisting in determining a level of interest in the proposed life insurance plan. It will not form part of the insurance contract. It is subject to underwriting and approval and is intended to demonstrate benefits based on specific assumptions. These assumptions will change over time and should be considered hypothetical. Interest rates for loans and investment accounts are assumptions; they are neither guarantees nor estimates of future performance. Consult the contract for specific details including policy charges and surrender charges. If there is any discrepancy between any illustration provided to you and your policy contract, your contract governs. Every implementation is different; such as, but not limited to, the client's specific facts and circumstances. Care and attention should be paid to Subsection 55(2) as it relates to safe income. All post-mortem planning (164(6) & 88(1)(d)) will vary based on the deceased's will, current tax legislation, the intentions of the beneficiaries and may be subject to stop-loss rules 112(3.2). All loans, unless otherwise stated in writing, are assumed to be personal loans secured with personal assets. Loans secured with corporate assets for a personal benefit could result in a deemed benefit for tax purposes.

**Any taxpayer considering this insurance plan should consult with his or her tax advisor for advice as to the income tax consequences to him or her and any other relevant parties having regard to his or her own particular circumstances prior to implementation.**

A copy of the assumptions used for all illustrations will be made available upon request. Errors & Omissions Excepted.
