Opportunity Overview

Helping You Make An Informed Decision

This strategy is designed for a Canadian resident taxpayer who:

- Owns shares of a Canadian Controlled Private Corporation (CCPC)
- Is in good health, relative to their age, with no major health challenges
- Has excess cash
- Cares about the next generation and tax planning

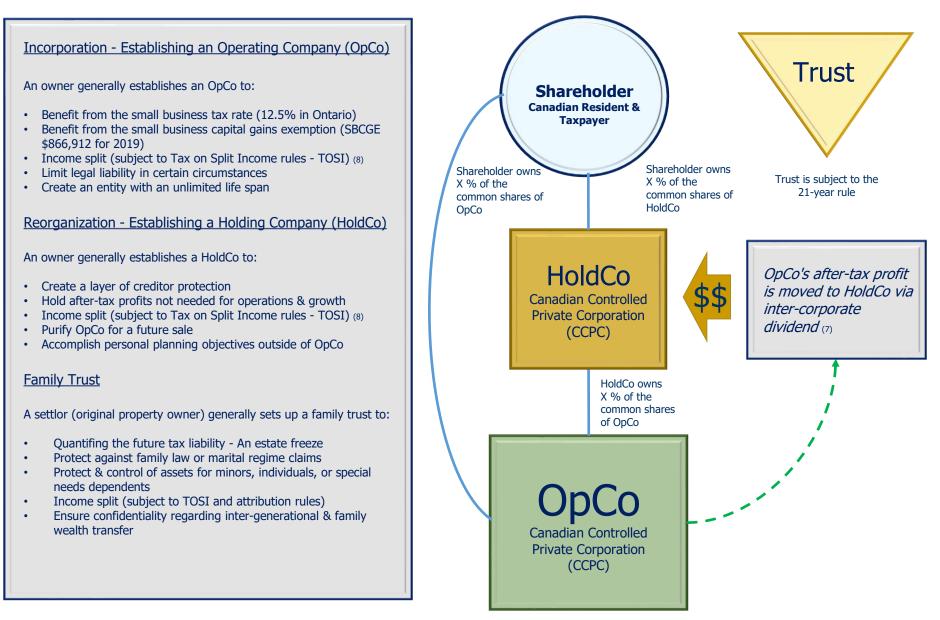

The strategy allows you to take excess cash and:

- o Grow It Fully Sheltered From Tax (1)
 - 39% tax efficient on a balanced portfolio (passive income) (2)
 - 25% tax efficient on capital gains (passive income) (2)
- o Move It To The Next Generation Tax Free (3)
 - 47% tax savings on non-eligible dividends paid to shareholder(s) (4)(5)
- Reduce the impact of the Small Business Deduction grind
 - Business limit reduced when passive income exceeds \$50k (6)

Corporate Life Insurance Plan

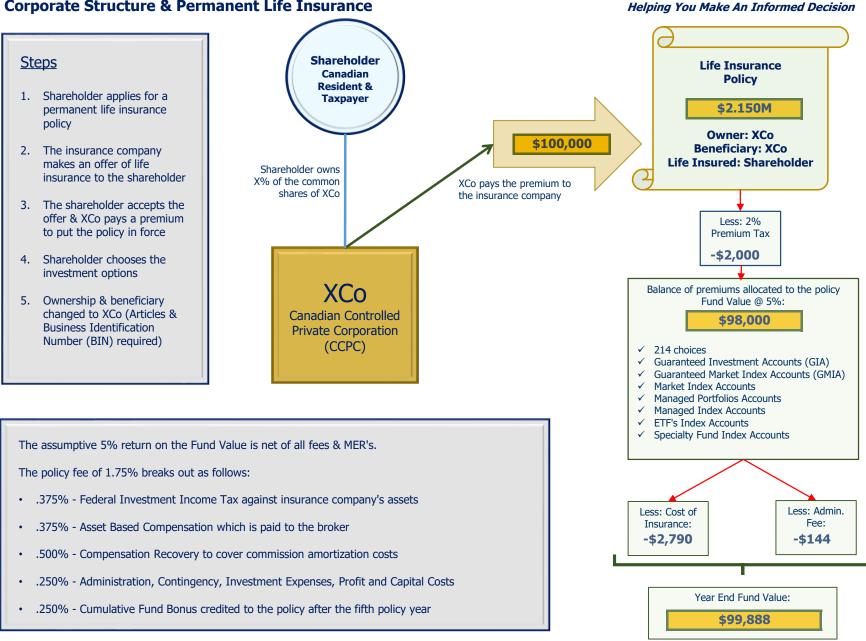

Common Tax Planning Concepts

Corporate Life Insurance Plan

corporate solutions

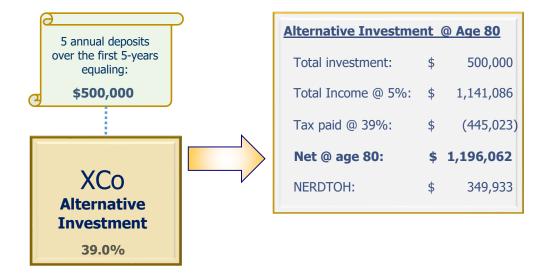

Corporate Life Insurance Plan

Problem & Solution - Corporate Passive Income

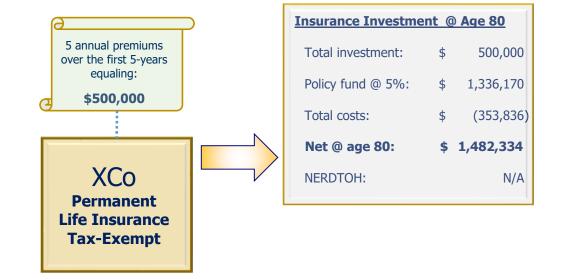

Problem - Corporate Passive Income

- Profit not needed for growth, operations or personal needs are invested in an Alternative Investment
- Passive investment income generated by the Alternative Investment is taxed at the top corporate rate
- Passive income in excess of \$50k grinds Small Business Deduction (SBD)
- XCo books refundable tax NERDTOH offsets corporate tax on non-eligible dividends when declared (5)

Solution - Permanent Life Insurance

- ✓ XCo purchases a permanent tax-exempt life insurance policy on the life of the shareholder(s) as one of the assets it owns
- $\checkmark~$ XCo is the owner, beneficiary and premium payor
- ✓ Growth of the life insurance policy is fully taxexempt - no taxable passive income is generated (1)
- ✓ Reduces the impact of the SBD grind (6)
- ✓ The cash surrender value of the life insurance policy is an asset on XCo's balance sheet
- ✓ Premiums are not deductible, in specific circumstances premiums may be deductible

Assumptions

Helping You Make An Informed Decision

We help private Canadian shareholder's implement and manage permanent life insurance plans, fully sheltered from tax, and move residual wealth to the next generation tax-free. The objective is to minimize the impact of market volatility over time by seeking out policy returns that are not correlated to the broader equity markets. Our focus is capital preservation, risk reduction, and consistency over time.

This presentation demonstrates the advantages of using permanent life insurance as part of your overall tax and estate planning strategy. We highlight the impact of planning with, and without, life insurance, using apples-to-apples comparisons, with conventional tax and estate planning structures.

This presentation uses the following assumptions:

• Interest Rate & Cost of Borrowing Assumptions Net of Fees & MER's:

- Alternative Investment: 5.0%
- Permanent Life Insurance: 5.0%
- Cost of Borrowing: 5.0%

• Tax Rate Assumptions:

- T5 Income: 50.0%
- Capital Gains: 25.0%
- Non-eligible Dividends: 47.0%
- Passive Income: 39.0%
- Refundable Tax: 30.7%
- Capital Gains Inclusion: 50.0%

• Ontario's Combined Top Marginal Tax Rates for individuals earning in excess of \$220,000:

 T4 & T5 Income: 	53.5%
 Capital Gains: 	26.8%
 Eligible Dividends: 	39.3%

Non-eligible Dividends: 47.4%

• Small Business Income Threshold:

- \$ 500,000
- Small Business Exemption Grind Starts At:
 - \$ 50,000

• Ontario's Combined Tax Rates For Income Earned by a CCPC:

- Income up to \$500,000: 12.5%
- Active Business Income: 26.5%
- Passive Income: 50.2%
- Refundable Tax: 30.7%

Helping You Make An Informed Decision

Notice To Reader

This analysis is provided for general information and discussion purposes only. This document is made available only for the purposes of assisting in determining a level of interest in the proposed life insurance plan. It will not form part of the insurance contract. It is subject to underwriting and approval and is intended to demonstrate benefits based on specific assumptions. These assumptions will change over time and should be considered hypothetical. Interest rates for loans and investment accounts are assumptions; they are neither guarantees nor estimates of future performance. Consult the contract for specific details including policy charges and surrender charges. If there is any discrepancy between any illustration provided to you and your policy contract, your contract governs. Every implementation is different; such as, but not limited to, the client's specific facts and circumstances. Care and attention should be paid to Subsection 55(2) as it relates to safe income. All post-mortem planning (164(6) & 88(1)(d)) will vary based on the deceased's will, current tax legislation, the intentions of the beneficiaries and may be subject to stop-loss rules 112(3.2). All loans, unless otherwise stated in writing, are assumed to be personal loans secured with personal assets. Loans secured with corporate assets for a personal benefit could result in a deemed benefit for tax purposes.

Any taxpayer considering this insurance plan should consult with his or her tax advisor for advice as to the income tax consequences to him or her and any other relevant parties having regard to his or her own particular circumstances prior to implementation.

A copy of the assumptions used for all illustrations will be made available upon request. Errors & Omissions Excepted.
